Creating a Library Password

Your library password allows you to request and renew library materials from home as well as providing access to a wide range of online services. To create a password you will need to have a valid email associated with your account. If you have not provided us with an email please visit the Circulation Desk to add one. Once you have an email associated with your account you are ready for Step 1.

Step 1

Go to our home page (www.eipl.org), and click on the "Your library account" link on the left side. Click on the "Create a Password" link.

Step 2

Click on the "Create a Password" link.

Barcode or Username:

New user?
